

## Campaign Statements

### Bill Proposal:

Amend Government Code section 84215 to do the following: 1) eliminate the requirement to file copies of campaign statements with a committee's county of domicile and 2) reduce the requirement to file two copies of reports with local filing officers to one copy.

### Problem:

1) Candidates and committees (except those filing exclusively in a single city) must file two copies of each campaign statement with the candidate or committee's "county of domicile" (the address where the committee is located). More and more, committees are hiring professional treasurers and using the treasurer's business address as the address of the committee. In many cases, the treasurer is located in a county where the committee raises no funds and makes no contributions or expenditures. Still, the committee must file copies of its reports with its county of domicile.

2) In addition to filing an original and one copy of campaign statements with their "original" filing officer, section 84215 requires candidates and committees to two copies of their campaign statements with other county filing officers. Filing officers receiving only copies of campaign statements rarely need more than one copy. In addition, there has been some confusion about the retention period for the second copy.

### How this bill would address the problem:

1) This proposal would eliminate the requirement for committees to file copies of campaign statements with their county of domicile. (However, it would not change the requirement for a candidate to file a copy of his/her campaign reports in the county where the candidate is "domiciled." For example, a candidate running for assembly would still be required to file copies of his/her campaign reports in the county in which he/she lives.)

2) This proposal would reduce the two-copy requirement to one copy.
